customized employee benefits solutions

Benefits of innovation

At DDI Benefits we're agents for change, with an innovative, forward-looking approach to health and wellness benefits design.

As a locally-owned employee benefits insurance firm, we know the landscape here, creating innovative customized employee benefits solutions to small and large companies, as well as individuals and families throughout the Northwest.

We have the expertise and experience of a large company, with the personal service, flexibility and accessibility of an independent agency. And we have the resources to help ease the pain of employee benefits costs, allowing us to help our clients find the right plan, with the right features at the right price.

At DDI, we have a commitment to service and dedication to our clients' best interests that benefits not just our clients, but the people who work for them.
